**Packing, Marking, Shipping, and Invoicing  
Instructions for all shipments to the Westminster  
Distribution Centers**

**PRH Binders Kit  
Westminster, MD**

**Important information for Manufacturers of Penguin Random House Books and  
Non- book products shipping to the Westminster Distribution Centers**

The purpose of this Binders Kit is to provide specific instructions for packing, marking, and shipping products that you manufacture for Penguin Random House.

Any shipment made to the Westminster Distribution Centers should follow these instructions.

**You should always follow any exceptions noted on the purchase order.**

For information or help interpreting these instructions please send your questions via e-mail to [scdaily@randomhouse.com](mailto:scdaily@randomhouse.com) or contact Pam Harmon at 410-386-7081/Jeanie Wood at 410-386-7086

Chargebacks**

**Purpose**

Printer Error Charge Backs are necessary when the printer makes an error that causes rework to be done by Penguin Random House. Errors from the printer might include:

- No identifying information on cartons
- Stock not in packed cartons
- Incorrectly packaged (determined by looking at the bill of lading)
- Incorrect or missing stenciled, labeled, or bar-coded information
- Missing parts of identifying information
- Book inspections required at the DC due to suspected production problems, initiated by Production

Penguin Random House wants to have the printer reimburse the costs of the rework once it is performed, either by Westminster or by an outside rework vendor. In addition, some of the rework may be due to errors on the part of Penguin Random House; we also want to track these errors so that we can isolate the root cause & eliminate the errors going forward.

This procedure is designed to accomplish the rework, the collection of the rework costs, the bill back to the supplier, the tracking of internally caused problems, and root cause problem analysis. This procedure does not address any internal or workshop charges associated with any special packing, stickering/stenciling work done for customer orders.

**Accounting Overview**

A general ledger account # will be set up for each of our major print & bind vendors, which will collect the costs and the associated printer reimbursements associated with the rework for each vendor:

Rework costs and the associated reimbursements will also be posted to miscellaneous manufacturing accounts for the appropriate product type, which will pass the costs/credits through to the imprints P&L. However, the costs/credits will not affect historical true PPB cost visibility for the title.

**PRH Binders Kit  
Westminster, MD**

**Operating Procedure**

**Receiving & Stock Control**

1. When a problem receipt occurs, the Receiving Dept. will inform Stock Control of the problem. A digital photograph of the quality issue is available upon request.
2. Stock Control will determine if the required rework can be done in house, at an outside rework vendor, or sent back to the binder.
3. Stock Control will contact the Inventory Managers/Production/NY or the PRH Canada Inventory department about the quality issue.
4. Production will contact the binder to inform them of the issue, correct the issue before sending any more books, and determine the root cause of the problem

**Printer Chargeback Billing**

**We reserve the right to return all shipments to you for correction at your expense if they are not in accordance with our specifications, or to correct the shipment ourselves and bill you for the correction.**

**PRH Binders Kit  
Westminster, MD**

**Bindery Book Cartoning Requirements**

**Minimum and Maximum Carton Dimensions:**

<b>Dimension</b>	<b>Minimum Dimension</b>	<b>Maximum Dimension</b>
Height (in inches)	4	15
Length (in inches)	9	22
Width (in inches)	6	11.5

Height < .75 x Length and Height < .75 x Width

<b>Dimension</b>	<b>Minimum Dimension</b>	<b>Maximum Dimension</b>
Height (in mm)	101.6	381
Length (in mm)	228.6	558.8
Width (in mm)	152.4	292.1

Height < 19.05 mm x Length and Height < 19.05 mm x Width

Stacking the cartons straight up instead of interlocking is to be done **only with prior approval** and is strongly discouraged.

Note on Penguin Imprint Carton Sizes as of 1/22/16: Many Penguin trade & hard cover books with trim sizes up to a 6 1/8 x 9 1/4 that were published prior to April 2016 packed in in a 4 stack configuration. In some cases, the width of the cartons for these titles will measure slightly larger than the carton min and max dimensions shown above. These exceptions will be permitted for Penguin titles that had an initial on sale date prior to April 2016. All PRH trade and hard cover titles with an on sale of April 2016 or later must adhere to all PRH carton sizing requirements as outlined in this Binder's Kit.

Examples of carton footprint sizes for legacy Penguin work:

5 1/2 x 8 1/4 HC - 11 3/4 (w) x 17 1/8 (l)

6 x 9 TR - 12 1/8 (w) x 18 1/8 (l)

6 x 9 HC - 12 3/4 (w) x 18 5/8 (l)

6 1/8 x 9 1/4 TR - 12 3/8 (w) x 18 5/8 (l)

**| Maximum carton weight**

**Maximum carton weight must not exceed 35 pounds (15.88kg).** The carton should be made of a minimum 200 pounds test 'C' flute or, have an ECT (edge crush test) equivalent of 32. If the ECT 32 box is used, it must have the same side impact protection as the 200 pounds test 'C' flute carton.

**PRH Binders Kit  
Westminster, MD**

**Oversized and Non-book Product**

Any oversized (i.e., coffee table/picture books) items must be packed in individual shippers. Any product that does not fall into a standard publishing format (i.e., figurines, plush animals, games and toys) also must be individually packaged in a shippable carton. Please see chart below for the maximum item size we can accommodate.

These individual shipping cartons must have all the required carton markings as listed on page 10. Follow instructions on purchase order.

***Oversized items may be subject to additional fees for packing materials and additional labor.***

Westminster: Oversized Item Dimensions			
Length	Width	Height	Total Cube
19.5	13.5	8	2106

Dimensions are measured in inches.

**\*\*If the items are equal to or larger than these dimensions they must be individually packed in marked cartons.\*\***

**PRH Binders Kit  
Westminster, MD**

**Standard book carton pack Random House Imprints**

A desired carton pack will be included on a standard purchase order.

RH Adult Trade Hardcover titles are 12 copies per carton

- If a carton exceeds the height and/or weight restrictions, you may drop down in increments of one layer (usually 2 or 4 books) to meet the target.
- If a carton is full and still does not meet the minimum carton size requirements, you may increase the number of books in the carton by increments of 2 until the carton meets the minimum specifications.

RH Trade Paperbacks are 24 copies per carton.

- If a carton exceeds the height and/or weight restrictions, you may drop down in increments of 4 to meet the target.
- If a carton is full and still does not meet the minimum carton size requirements, you may increase the number of books in the carton by increments of 4 until the carton meets the minimum specifications.

RH Mass Markets (rack size books and digest size) are 48 copies per carton.

- If a carton exceeds the height and/or weight restrictions, you can go to 24 copies per carton.
- If a carton is full and still does not meet the minimum carton size requirements, you may increase the number of books in the carton by increments of 24 until the carton meets the minimum specifications.

**Book carton packs for Penguin Imprints**

Note on Penguin Imprint Carton Packs as of 1/22/16: Some Penguin Hard Cover and Trade Paperback books that were published prior to April 2016 may have carton pack quantities that vary from the PRH standard packs. These are permitted exceptions and the carton quantity stated on the purchase order should be followed for Penguin imprints published before the April 2016 on sale dates. However, all titles with an on sale date of April 2016 or later must adhere to the PRH standard packs as outlined in this binder's kit.

Before changing the carton pack quantities to meet the required height and/or weight specifications, please first reconfigure the box with the correct carton pack to determine if the minimums can be met that way. If they still cannot be met, then try the removing or adding of layers as stated above.

**PRH Binders Kit  
Westminster, MD**

If the carton is still not meeting the height or weight restrictions, or if you have concerns about how to pack a particular shipment, please call the person issuing the purchase order for revised instructions.

**Mass Markets (rack size books and digest size) for Penguin Imprints are 96, 48 or 24 copies per carton.**

**Quantity of an Order to be Cartoned**

Instructions will be on the standard purchase order.

**Initials and Reprints:** Carton 100% of the order.

**Odd sized books and imports:** Carton 100% of the order.

Production will notify binderies specifically when exceptions to the above are required.

**Partial cartons will not be accepted. Cartons containing less than full carton quantities will be destroyed. Payment will not be made to vendor for partial cartons received.**

Partial cartons are sometimes allowed for titles designated as “digital short run”, “medium run” and “ARP” ONLY. Vendors producing these products will be notified by production of the specific circumstances by which partial cartons will be accepted.

**Carton Packing Information**

**Books:** Packed horizontally (i.e., lying flat, except for novelty items with pop-up, blister pack materials which should be packed the most efficient way to avoid damage) and never vertically (i.e., standing on end). Book spines where possible should face toward center to avoid rubbing carton corrugation on multiple stacked cartons.

**Stacks of books should not be wrapped in brown paper or shrink wrapped together inside the cartons.**

**Filler:** Maximum allowed – 1” (25.4mm) of corrugated honeycomb cardboard pads to cover complete top of carton. This is to prevent cartons from collapsing and pallet loads becoming unstable for stacking. One pad is required at the top of every carton to prevent knife damage to books when cutting cartons open. Please only use corrugated honeycomb cardboard pads.  
If no filler is required, please include a slip sheet to prevent knife damage.

**PRH Binders Kit  
Westminster, MD**

**Peanuts and Shredded Paper:** Not acceptable as packing material/filler.

**Tight Pack:** Maximum of 1/8"(3.175mm) on all sides of carton (between book stack and carton side).

**Slip Sheet:** Bottom of carton and top of carton should have single slip sheet between corrugation and books. Please see purchase order for specific slip sheet instructions, as certain books require slip sheets when packed.

### **Carton Closure**

Cartons should be sealed on the **bottom** with glue, hot melt, reinforced paper tape, or 2" (50.8mm) minimum width plastic tape.

Cartons must be sealed on **top** with **2-inch** pressure sensitive or gummed tape **ONLY**. No glue may be used on top. Cartons with lift-off tops are not acceptable.

### **Bindery Book Carton Marking Requirements**

#### **Carton Label and Stenciling**

**Carton labels are preferred. Stenciling should only be used as a last resort.**

Labeling or stencil on one side panel and one end panel (or two side panels).

Below are the fields that need to be included:

- Title
- Author
- Full ISBN (SKU) Same ISBN that is printed on cover four of the book.
  - Along with the human readable ISBN a Global Trade Item Number (GTIN) bar code in GS1-128 format should be included
- Production Order Price Batch:  
(Both U.S. and Canadian with Identifier letter)
- Retail Price US/Canada (Where applicable)
- PPON (warehouse production order number)
- Printer/Facility ID Code and printing number
- Quantity (books per carton)
- Gross Weight (in pounds, rounded to the tenth)
- Visible Barcode Type (EAN, UPC or E/U) that appears on cover four of the book.
- On Sale Date (Initials only) (**MM/DD/YY**)
- Imprint/Publisher
- Country where books were printed

**PRH Binders Kit  
Westminster, MD**

Abbreviations of the title and category are permissible.

Minimum printing size for stenciling is 3/8" (9.53mm) high using bold print. Carton label specifications can be found at the end of this section.

No markings should appear on the top or the bottom of the cartons.

**Title**

If the title is too long for the stencil/label, you may use the shorten version. It can be found on the purchase order supplied by Random House (a sample of a purchase order can be found on the next page). The field is called **Title- Short**.

**Production Order Price Batch**

On the purchase order supplied by Penguin Random House is a line that includes the identifier letter. The field is called **Production Order Price Batch**. The letter after the price batch is the identifier code letter.

For labeled cartons the Production Order Price Batch should appear in its entirety:

Batch: 2500/2800R

For stenciled cartons the Production Order Price Batch should appear as follows:

PO shows: 2500/3800R

Stencil Shows: \$25.00/\$38.00CAD R

**PPON**

Production order number can be found on the purchase order. This number is also included on packing lists with shipments.

**Printer/Facility ID Code and printing number**

It consists of an alpha-character Printer/Facility ID Code and 2 or 3 numeric-character printing number. Example ABCD01

Each of the printer's facilities should have its own unique code. If you are unsure of your ID code, please contact your production manager.

Must appear on the carton label as human readable but prefer it to be embedded in the field with the PPON in section 2 of the carton label

## On Sale Date

An On Sale Date does NOT need to be on each carton except in the following instances: (This information will be communicated to you via the purchase order or by your production manager)

- Hardcover: 50K or higher
- Trade paperback: 75K or higher
- Mass market: 150K or higher
- Picture Books: 30K or higher
- Digest and other paperback trims: 50K or higher
- Audio: 20K or higher
- Pre-packs (with corrugate): always include
- Mixed Initial titles: always include
- Non-traditional: 40K or higher
- Box-set delivering as finished goods: 50K or higher

**NOTE:** If a book is under an embargo **\*at the time\*** of physical distribution and is *below the threshold levels* noted by format, please contact Sales Operations for guidance. If a title is under embargo before the physical distribution of the book is to begin, please follow the threshold guidance noted.

If the date is required, it should match the On Sale Date specified on the purchase order. However, since On Sale Dates change frequently, please check with your customer service group to ensure no changes have been made since the purchase order was mailed. The most up-to-date information must be on the cartons. If an On Sale Date is required, please ensure that the date marked on the cartons is in the format **MM/DD/YY**.

**PRH Binders Kit  
Westminster, MD**

**Bindery Book Carton Shipping Requirements**

Our purchase (bind) orders normally provide instructions for shipping the finished products. If questions arise concerning stock distribution, contact the issuer of the purchase order.

**Pallets**

Supplied by vendor

Vendor supplied pallets may be provided by binderies as long as:

- 1) Pallet specifications in this document are met
- 2) PRH production operations has approved vendor pricing for pallets

The following information will be required:

- Quantity and title of books being manufactured
- The name of your PRH Production contact
- The name and address of the vendor shipping to Westminster if the job is being subcontracted

**NO block pallets will be accepted. Use of block pallets may result in charge backs**

Penguin Random House also supplies and ships pallets and tops (where applicable) for vendor shipments to locations specified by our Purchasing Manager.

Requests for pallets should be made to the Purchasing Department via:

e-mail: [purchasing@penguinrandomhouse.com](mailto:purchasing@penguinrandomhouse.com) at least **1 week** before the delivery date requested

An annual December physical inventory of pallets on hand is to be forwarded via email [purchasing@penguinrandomhouse.com](mailto:purchasing@penguinrandomhouse.com)

All shortages will be billed to the vendors involved, including transportation costs.

In the event PRH supplied pallets are not procured in time for a particular job and books must be on the vendor's own pallets, PRH cannot guarantee return of these pallets and will not accept billing for these pallets.

For palletizing specifications, please see Drawing 1189900 (Appendix A).

Pallets must meet the following specifications:

**PRH Binders Kit  
Westminster, MD**

- 48" x 40" (121.9 cm x 101.6cm) Grocery Industry 4-way Hardway GMA standard pallet
- Maximum pallet height of 51"(129.5 cm) including the pallet
- 7 top deckboards, 5/8" (15.88 mm) evenly spaced with 3" (76.2 mm) maximum spacing
- 2 end bottom deckboards, 6" (152.4 mm) wide
- At least 2 center boards 6" (152.4 mm) wide OR 3 center boards 4" (101.6 mm) wide
- 3 stringers 1 3/4" x 3 1/2" x 48" (44.5 mm x 88.9 mm x 1219 mm)
- Side cutouts must meet GMA specifications
- Beveled edges on inside and out of end bottom deckboards
- No paint, grease, chemical, or other material which would damage or contaminate product

If not using a standard pallet, the maximum height is **46 inches** (116.8 cm) including the load on the pallet.

The maximum pallet weight is **2500 lbs (1134 kg)**.

Pallets should be stretch wrapped for security so the cartons do not fall over in the trailer.

### **Identification of Stock for Shipment**

On the outside of the shrink or stretch films or corrugated wrapping of each unitized load of stock coming into the Westminster/Hampstead Distribution Centers, identify the pallet by using one of the following addresses as instructed by the print bind order:

All **initials** and reprints completed prior to the on-sale date **before 8/16/22** should deliver to 400 Hahn Road, Westminster, MD 21157.

All **initial** titles with on sale dates **on/after 8/16/22** should deliver to **630 Hanover Pike, Hampstead, MD 21074**

All **reprints** done after the on sale date should deliver to 400 Bennett Cerf Drive, Westminster, MD 21157

Do not stencil the 'Ship to' address on every carton because we will re-ship to our customers using the same cartons. On full trailer loads, which travel under seal directly from you to the Distribution Center, this information is not necessary.

Products for both addresses can be mixed on a trailer, but do not mix them throughout the trailer. We prefer to have the reprints loaded first (going to Bennett Cerf), and the initials loaded last (going to Hahn/Hanover Pike) so the initials can be delivered and unloaded first. There **MUST** be separate BOLs for each delivery address.

**PRH Binders Kit  
Westminster, MD**

Please do not mix initials and reprints in the same carton or pallets.

For binderies that provide a pallet identification number, the use of the SSCC-18 barcode is preferred. Alternatively, the ID should be 9 digits or less (numeric only). The barcode should be located on or near the pallet label. See appendix C for placement.

**Packing List**

A detailed packing list must accompany every shipment into the Distribution Center, **with separate packing lists for each delivery address**. The packing list should include:

*Title	*ISBN (SKU)
*Warehouse Production Order #	*Number of books per carton
*Retail price (both U.S. and Canadian)	Number of cartons
Total number of books shipped by ISBN	Bill of Lading number
Date Shipped	Bindery address information
Ship to address information	

\* Appendix B is a sample of a standard PRH Purchase Order, with the pertinent information circled. This info will always be in the same place on a Penguin Random House Purchase Order. The Warehouse Production Order number is the seven-digit number that starts with a '9' or '1'.

A copy should be faxed to the correct receiving department before the shipment arrives at the above fax numbers.

The pallet containing the packing list should be clearly marked, and it should be the last pallet loaded onto the trailer.

**Bill of Lading**

We must also have an itemized bill of lading listing **each title** on the trailer separated for each delivery address (if there is a drop off at Hahn Rd or Hanover Pike. and a final stop at Bennett Cerf Dr. as outlined under 'Identification of Stock for Shipment'). All bills of lading must show the following information:

Title	ISBN (SKU)
Warehouse Production Order Number	Number of books in each carton
Retail Price (both U.S. and Canadian)	Number of cartons
Customer Name	Date Shipped
Total number of books, cartons, pallets	Gross Weight
Book length, width, height, weight	Carton length, width, height, weight
Carrier	Trailer Number

**PRH Binders Kit  
Westminster, MD**

**If the shipment consists of 10 or more pallets the BOL must contain the following statement:**

**Call 24 hours in advance for a delivery appointment.**

- Hanover Pike deliveries
  - On sale dates 8/16/22 and beyond  
410-386-7975
- Hahn Road deliveries
  - On sale dates before 8/16/22  
410-386-7732
- Bennett Cerf deliveries 410-386-7786

Billing address for freight payments that must go on the BOL

Penguin Random House  
Attn: Logistics Services  
400 Bennett Cerf Drive  
Westminster, MD 21157

A copy of the bill of lading accompanies your invoice and is sent to the appropriate PRH NY or Canada contact person:

Penguin Random House  
Attn: Accounts Payable  
400 Hahn Rd.  
Westminster, MD 21157

or, if  
PRH  
Canada

Penguin Random House  
1 Toronto St., Suite 300  
Toronto, Ontario  
M5C 2V6

This will serve not only as a bill of lading, but also as a shipping manifest. A copy should be faxed to the PRH Transportation Department at 410-386-7715. If this is a Random House of Canada shipment, please fax BOL to 416-364-6863.

**Bills of Lading Drop Shipments to Random House customers/vendors**

If you manufacture books for us that are not shipped to the Penguin Random House warehouse, (not controlled by our Warehouse system), we will require a copy of bill of lading sent to the person issuing the purchase order as proof of your shipment. A copy of the bill of lading must also be faxed to the Penguin Random House Transportation Department at 410-386-7715.

All shipments to destinations other than our warehouse above or our office at 1745 Broadway are to be sent freight collect unless instructed otherwise.

**PRH Binders Kit  
Westminster, MD**

The following information must be listed on the Bill of Lading for all drop shipments:

Title  
ISBN (SKU)  
**Delivery #**  
SAP Order #(s) **(to be used if Delivery # isn't provided)**  
Customer Name  
Customer Address  
Customer PO #(s)  
Total number of books, cartons, pallets  
Delivery appointment requirements from Spreadsheet  
Date          Shipped  
Gross          Weight  
Carrier  
Trailer Number or Pro #

Unless otherwise instructed, all bindery drop shipments are to be shipped on a prepaid, 3<sup>rd</sup> party billing basis. Our billing address is as follows:

Penguin Random House  
400 Bennett Cerf Drive  
Westminster, MD 21157  
Attn: Logistics Services

**Carton/Pallet Marking Instructions – Bindery Drop Shipments**

If all cartons on a pallet are consigned to one customer (also known as a full pallet) two labels need to be affixed to the pallet at about mid-height on one side and the front of the pallet.

If the cartons on a pallet are for multiple customers (also known as a mixed pallet) each individual carton will need one label.

Carton/Pallet labels should be in compliance with the GS1-128 shipping labels as outlined in the BISG Guidelines for Shipping Container Labeling, which can be found online at <http://bisg.org/page/Guides> . Any bar-coded information must be based on GS1-128 symbology.

A sample of the recommended shipping label can be found in the Appendix of this document. Please refer to the BISG document regarding specifications as follows:

- Shipping Label Section – Outlines Size, Layout and Placement
- Appendix D – Data Definitions and Encoding – Provides descriptions, dimensions and barcode specifications for each zone. Also includes information regarding Application identifiers.

**PRH Binders Kit  
Westminster, MD**

The ship from address should read as follows for all Random House shipment:

Random House, Inc.  
1019 N. State Rd. 47  
Crawfordsville, IN 47933

Carton/Pallets labels must include the information listed below:

- Customer Name
- Customer Address
- Customer P.O. numbers
- Title – ISBN
- Cartons per pallet
- Books per carton
- US Cover Price/Canadian Cover Price

Multiple cartons/pallets should include notations such as, “carton 1 of 2, 2 of 2” or “pallet 1 of 2, 2 of 2”, etc.

**Pallet Specifications – Bindery Drop Shipments**

The standard pallet dimensions for bindery drop shipments are listed in Appendix A

**Jackets for Warehouse**

If 1,000 or more jackets/covers remain after a print run please store them. If there are less than-1,000 please destroy them.

Only jackets that are for a book with a price of \$34.95 or more should be sent to our warehouse for storage. They should be trimmed and carton packed. The carton markings should include title, quantity, price, and ISBN. Please include Please follow the directions found on your purchase order or call the issuer for further instructions. (We will not pay storage charges for jackets or covers we did request to be stored.)

**Invoices**

**Invoices should be sent to:**

Attn: Accounts Payable  
Penguin Random House  
400 Hahn Road, Westminster, MD 21157

**OR**

Contact our A/P Dept. at 1-888-RHPAYME For instructions on e-mailing invoices and receiving payment electronically, if not currently enrolled.

**PRH Binders Kit  
Westminster, MD**

In order for the Accounts Payable Department to process your invoice, the following information **must** be included on your invoice. Invoices not containing this information will be returned to the vendor for corrections.

**Required Fields:**

PRH SAP purchase order number  
Invoice Date  
Name of purchaser  
Division

Invoice number  
Full Title  
ISBN  
Printing Number

Quantity invoiced per line item, if applicable for **any** item invoiced. A proper description of the charge must be listed for **each** item billed.

The invoice **must** match the purchase order line for line. If the Purchase Order has three lines, your invoice must have three lines. This can be accomplished by subtotaling your invoice line items to match the purchase order. Invoices that do not match the purchase order line for line could be delayed for up to six months or returned to the vendor for corrections. If the job ordered requires additional work not listed on the purchase order, you must notify the purchaser of the change and ask them to update the purchase order.

**Storage**

Hardcover & trade paperback components (i.e. covers, jackets, inserts, etc.) left over after bind run may be destroyed if count is less than 1000 after bound book quantity has been fulfilled. Any component count 1000 and above after bound book quantity is fulfilled must be stored by you and any storage report or invoice generated by you must indicate quantity as well as retail price where component is a priced commodity.

Mass Market and Digest components (i.e. covers, inserts, etc.) left over after bind run may be destroyed if count is less than 2500 after bound book quantity has been fulfilled. Any component count 2500 and above after bound book quantity is fulfilled must be stored by you and any storage report or invoice generated by you must indicate quantity as well as retail price where component is a priced commodity. If an overage in components is the result of economic combination runs, these components should also be held in Penguin Random House inventory.

Any component stored in your facility on our behalf must indicate division, full title, ISBN, commodity stored and unit count in storage or we cannot and will not validate your storage invoice.

**PRH Binders Kit  
Westminster, MD**

Jackets, covers or retail priced components as well as books held in inventory must show their retail price on inventory and storage reports and storage inventories.

**Distribution of Advance Copies**

Penguin Random House requires our binderies to supply advance copies of our titles for our use and approval. These copies should be sent as soon as finished copies are available from the bindery, with the copies for the orderer in the Production Department shipping first and separately, directly to orderer. All other shipments may be made in bulk and must be packed and addressed as indicated on bind order.

**All copies needed are specified on our purchase order including shipping instructions.**

Any estimates prepared by you for manufacture of titles should consider all of the above applicable packing and shipping requirements herein.

“Sample Books” going to our mailroom at 1745 Broadway or 345 Hudson for our in-house distribution must have the cartons clearly marked as “Initials” or “Reprints”.

Please do **not** mix initials and reprints in the same carton.

**Routing Instructions**

If the trailer is loaded to full visible capacity, seals should be applied and the seal number put on both the packing list and the bill of lading with a note to the carrier stating: “This number is to be reflected on your delivery receipt.”

Double stacking is permitted, but only with prior approval from the issuer of the purchase order.

Call the Penguin Random House Logistics Services Department Inbound Load Coordinator listed below to schedule the pick up of shipments over 200 lbs (90.72 kg). For shipments under 200 lbs. ship prepaid by UPS.

Multiple shipments made in one day must be consolidated onto one master bill of lading or chargebacks will result from the overcharge in freight.

Should you need additional information concerning shipments to the Westminster Distribution Center contact the Inbound Load Coordinator assigned to your area.

**Inbound Load Coordinator**

**PRH Binders Kit  
Westminster, MD**

For shipments weighing over 200 lbs. and for Third Party shipments you must contact the PRH Inbound Load Coordinator at 410-386-7792 during the hours of 7:30AM - 4:00PM EST.

After Hours Contact

To arrange for pick ups after hours in all states please call 410-386-7707 during the hours of 4:00PM – 12:30AM EST.

Expedited Routings

For expedited routings contact the Inbound Load Coordinator at 410-386-7792

**Note:** If unable to reach the Inbound Load Coordinator or the After Hours Contact via phone, please email [DomesticTransportation@penguinrandomhouse.com](mailto:DomesticTransportation@penguinrandomhouse.com) for assistance.

**Books Manufactured Offshore Cartoning Requirements**

**Books coming from offshore must comply with all instructions above.**

**Preferred Packing Method**

The preferred method for packing our books is to have all books in cartons, and the cartons should be palletized for shipment in containers.

**Cartons**

The maximum and minimum allowable carton sizes are the same as for the U.S. The cartons should be sized to fill completely. Voids, especially in vertical dimension of the cartons, will cause load to settle/crush/fall apart in transit.

**Packing Material**

Packing material additional to the carton is discouraged unless it is necessary to stabilize the carton to protect the product

**Pallets**

**Block pallets will not be accepted. Use of block pallets may result in charge backs**

**PRH Binders Kit  
Westminster, MD**

Penguin Random House's preferred pallet size is 48 inches (121.9 cm) x 40 inches (101.6 cm). All wood used on pallets and tops must be free of insects and bark and in compliance with US Customs APHIS rules for wood.

Shrink-wrap is the preferred method of wrapping pallets, but stretch wrap is an acceptable alternative.

Please use top cap and bands as shown in Drawing 1189198 (Appendix C).

The maximum pallet weight is **2500 lbs. (1135 Kg)**.

The maximum pallet height is **51 inches (129.5 cm)** on the preferred size pallet (48 inches x 40 inches).

If you use pallets that are **not** 48 inches x 40 inches (non-PRH pallets), please stack to a maximum of only 43.4 inches (110.2 cm).

Double stacked loads are permitted and encouraged whenever the supporting product and packing material are adequate to carry the load. The total height of the layers must not exceed 86.8 inches (220.5 cm)

Each pallet must be identified with product information labels placed on the entry face of the pallet, with the bottom of the label at mid-height of the load (see Drawing 1189198 Appendix C). The label should contain:

Title	ISBN	Production Order Number
Bindery	U.S. cover price	Canada cover price
Books per carton	Number of cartons	Total books shipped
Purchase Order Number		

**Containers**

The maximum net weight per container:

For a 20 foot container – 26,000 lbs. (11,796 Kg)

For a 40 foot container – 42,000 lbs. (19,050 Kg)

## **PRH Binders Kit Westminster, MD**

Containers should be loaded tight. Voids between the pallets must be filled or pallets blocked in place. Loads that shift will be damaged. To keep the last two top pallets from shifting against the doors, they should be banded to the pallets underneath, as shown on Drawing 1189199 (Appendix D).

### **Alternative (NOT Preferred) Packing Method**

An alternate (but not preferred) method of packing cartons is to have all the books in cartons, and then brick stack the cartons on the container floor.

The **Carton** and **Packing Material** info is the same as for the preferred method.

### **Containers**

Load the container with no front to rear or side to side voids. Preplan the load pattern so that each layer is solid.

Interlock the layers to avoid shifting.

Stack to a maximum height of 1980 mm (78 inches).

Secure the cartons at the rear to prevent shifting against the door, per Drawing 1189199 (Appendix D).

### **Container Weight Guidelines**

20 FT. Container on Standard Chassis Maximum Load Weight	36,000 LB. / 16,330 KG.
20 FT. Container on 27' Slider Chassis Maximum Load Weight	42,000 LB / 19,050 KG
40 FT. Container (Steel) Maximum Load Weight	42,000 LB / 19,050 KG
40 FT. Container (Aluminum) Maximum Load Weight	42,000 LB / 19,050 KG

Please keep in mind that all of the above weights are based on a properly loaded container with the weight being evenly distributed in the container. If the weight is not evenly distributed and one end is heavier the possibility of being overweight on an axle exists, and a fine could be assessed.

### **Books Manufactured Offshore Marking Requirements**

#### **Carton Stenciling**

Follow same rules as above

### **Product Marking Requirements**

**PRH Binders Kit  
Westminster, MD**

Each article of foreign origin must be marked with the country of origin in a conspicuous place and as legibly, indelibly and permanently as possible. In order to be considered as conspicuous, the country of origin marking shall not be embedded in a mass of other publication data. It is required that this marking be made conspicuous by using a contrasting color, or by using larger typeface and placing it slightly apart from the other publication information.

**Invoice Requirements**

Invoicing requirements for books manufactured in the United States (see page 15) also apply to books manufactured offshore. In addition, the following requirements apply to books and other articles manufactured offshore:

- a) The ISBN number for each item must be clearly marked on the invoice.
- b) The country of origin must be clearly indicated for each ISBN number on the invoice.
- c) The terms of sale must be clearly identified on the commercial invoice.
- d) If freight charges are prepaid (C&F or CIF Terms of Sale), they must be clearly itemized on the commercial invoice. The itemized amount must match the price paid (or payable) to the transportation company.
- e) The currency must be clearly indicated on the commercial invoice.
- f) The commercial invoice must be in English or have an accurate English translation attached.
- g) The name of a responsible individual within your organization must be identified on the commercial invoice. This individual must have knowledge, or be able to readily obtain knowledge of the transaction

**\*\* Please ensure that the Whse. Production Order Number is clearly listed on the Commercial Invoice. This number is located on the Penguin Random House Purchase Order. \*\***

**PRH Binders Kit  
Westminster, MD**

**Books Manufactured Offshore Shipping Requirements**

Our purchase (bind) orders normally provide instructions for shipping the finished products.

**Ship via ocean freight unless instructed otherwise. Air shipments must be authorized. Please ship using Express Release bills of lading.**

**Port of Discharge:** Baltimore, MD – unless we instruct otherwise

**PLEASE DO NOT SEND THROUGH PORTS OF NEW YORK/NEW JERSEY**

**Broker for ocean shipments:**

**PRH Binders Kit  
Westminster, MD**

Immediately after the books ship, please send a **set of original documents** (Ocean Bill of Lading, Commercial Invoice, Packing Slip) to Expeditors via courier service.

A **second set of documents (copies ok)** must be sent to:

Penguin Random House

Attn: Transportation Dept

400 Bennett Cerf Drive

Westminster, MD 21157

- **NOTE: If Express Release B/L issued, then Ok to send documents via e-mail attachment to the following people:** Expeditors at BWI-PRH-import-requests@expeditors.com

[export-import@penguinrandomhouse.com](mailto:export-import@penguinrandomhouse.com), if you have any questions, please contact:

Tracey Presley

Phone: 800-726-0600 ext. 7717

Fax: 410-386-7715

E-mail: [tpresley@penguinrandomhouse.com](mailto:tpresley@penguinrandomhouse.com)

Or

[export-import@penguinrandomhouse.com](mailto:export-import@penguinrandomhouse.com)

**Please see Appendices E, F, G, and H for examples.**

**Appendix E and Appendix F** are samples of Express Bills of Lading.

It is Express by putting 'Express B/L' in the *Number of Original B/L* field. **See next page for full Express Bill Of Lading procedure.**

**PRH Binders Kit  
Westminster, MD**

**Appendix G** is an example of a commercial invoice.

**Appendix H** is an example of a packing list.

If the shipping terms are FOB (or any other term where Penguin Random House is responsible for the ocean freight charges), please contact the centralized Penguin Random House

Forwarding Agent in the country of export. A comprehensive list of Forwarding Agents may be found in Appendix I. If you have any questions/concerns regarding the appointed Penguin Random House Forwarding Agent, please contact [export-import@penguinrandomhouse.com](mailto:export-import@penguinrandomhouse.com).

Please be aware that the United States Customs Service now requires that a shipping manifest be filed no later than 24 hours prior to vessel loading at the origin port. It is the Binder's responsibility to ensure that all required information (commercial invoices, packing lists, etc) are tendered to the Forwarding Agent in a timely manner in order to ensure compliance with this regulation.

**Failure to provide documentation in a timely manner as noted above may result in the chargeback of any demurrage charges, fines or penalties incurred by Penguin Random House.**

**Express Bill of Lading Procedure**

1. As soon as the shipment is on the water, please e-mail the following persons with the shipment details:

\* Expeditors at [BWI-PRH-import-requests@expeditors.com](mailto:BWI-PRH-import-requests@expeditors.com)

\* Penguin Random House Transportation Dept: [export-import@penguinrandomhouse.com](mailto:export-import@penguinrandomhouse.com)

\* Production Supervisor (the person who issued the purchase order)

Please reference Subject line of e-mail as Shipping Schedule. E-mail should include the following:

- \* Title(s)
- \* ISBN(s)
- \* Number of copies of each title
- \* Number of jackets for each title
- \* ETD Port of Lading

**PRH Binders Kit  
Westminster, MD**

- \* Consignee (Penguin Random House or customer name if a drop shipment)
  - \* ETA Final Destination port (usually Baltimore unless it is a drop shipment)
  - \* Vessel Name
  - \* Container #(s)
2. Institute the use of express bills of lading (see sample attached), which will eliminate delays caused by having to submit an original bill of lading to obtain steamship release.

The vendor is to instruct the shipping company that they are to send an express release bill of lading to their counterpart in Baltimore. The Baltimore office then notifies the freight forwarder that the shipment is issued on an Express Release bill. By the time the shipment reaches Baltimore, original documentation will not be needed by the forwarder to obtain steamship release. Freight will be released upon payment of collect charges, presentation of copy of express release bill of lading, and notice that the shipment is Customs released. Our Customs broker (Expeditors) will have pre-cleared the shipment with US Customs prior to its arrival. Expeditors will then issued delivery order to our specified carrier, which will pickup the freight from the rail yard or port. Our carrier will be responsible for palletization, if needed, and delivery to our Westminster facility.

The shipping company is then to forward a copy of the bill of lading which will be marked "original bill of lading surrendered" or "Express Release B/L" to the vendor. Vendor will then fax copies of the shipping documents (bill of lading, Pro Forma invoice, and packing list) to the following people

- \* Production Supervisor (person who initiated the purchase order for the shipment)
- \* Matt Mooradian at fax# 973 848-7344
- \* Import coordinator at fax # 410-386-7715
- \* If this is a drop shipment to one of our customers, please email [miscbillings@penguinrandomhouse.com](mailto:miscbillings@penguinrandomhouse.com) ; [LogisticsDirectShipments@penguinrandomhouse.com](mailto:LogisticsDirectShipments@penguinrandomhouse.com)

**NOTE:** If Express Release B/L issued, then Ok to send documents via

e-mail attachment to the following people: [export-import@penguinrandomhouse.com](mailto:export-import@penguinrandomhouse.com) ;

**Import Security Filing (ISF) Procedures – Also Known as 10+2**

In an effort push supply chain security beyond US borders, the Department of U.S. Customs and Border Protection now requires that certain key data elements be reported

**PRH Binders Kit  
Westminster, MD**

on all shipments bound for the United States prior to loading on board the conveying vessel. In order to ensure strict compliance with this requirement, the following policies will be required on all Random House shipments that are exported to the United States.

**FOB Shipments – (International freight paid by Random House)**

Each shipper is required to complete an ISF request form and submit it to the designated ***local*** contact for Expeditors. This must be done no less than 3 business days prior to the vessel load date. Expeditors will submit the required information to U.S. Customs and secure confirmation of approval prior to loading the shipment on board the conveyance for transport.

**C&F Shipments – (International freight paid by the binder/shipper)**

Each shipper is required to complete an ISF Request Form and submit it via email to the addresses listed below no less than 5 business days prior to the vessel load date. Expeditors will submit the ISF information to U.S. Customs and secure a confirmation number. Expeditors will forward the confirmation number to shipper upon receipt. The shipper must provide the ISF confirmation number to their designated freight forwarder prior to loading the shipment on the conveying vessel. Failure to secure and report the proper ISF confirmation number prior to vessel loading will result in significant financial penalties which will be passed on to the shipper accordingly.

**ISF Request Form Distribution List For C&F Shipments**

# Penguin Random House

## Bar Coding Standards

### General Information

#### The EAN Bar Code

- The EAN is identical to the 13-digit ISBN.
  - As of 1/1/2007, new books carry the 13-digit ISBN above the bar code.
  - The ISBN should be displayed as ISBN: 978-1-234-56789-1 (hyphenation will vary and should match your assigned ISBN). It is not necessary to indicate ISBN-13.
  - Do NOT print the 10-digit ISBN.

#### Price Add-on

- All books must have a 5-digit price add-on with the EAN.
  - Books that are netpriced or unpriced must be encoded with the 90000 price add-on.
  - Books priced over \$100 must be encoded with the 59999 price add-on.

#### Size

- Bar codes should appear at 100% magnification. For strippable product, cover 4 may be reduced by NO MORE THAN 20% and cover 2 by NO MORE THAN 10%. Given the realities of creating and manufacturing books, it is best to keep both cover 2 and cover 4 at 90%.
- At 100% magnification the height of the bar code is 1" and the width, including the price add-on, is 2  $\frac{3}{16}$ ".
- At 80% magnification (20% reduction) the overall size is approximately  $1\frac{3}{16}$ " high by 1  $\frac{3}{4}$ " wide.
- Bar code heights must not be truncated or reduced in height.

#### Placement

- Bar codes must be placed on cover 4 (back cover) of all product. It is no longer acceptable to place bar codes on the bottom of boxes due to constraints at our customers and in Random House, Inc.'s Returns area.
- The bar code must be placed so that the bottom of the human readable text under the bar code is at least  $\frac{1}{4}$ " above the bottom trim either centered or closer to the right-hand corner.
- The bars must be oriented vertically or in the "picket fence" configuration (see attached example).

**PRH Binders Kit  
Westminster, MD**

- For “strippable” product the bar code must be placed on cover 2 following these guidelines:
  - The bars must be positioned horizontally or in the “ladder” configuration with the lowest point of the bars located at exactly  $\frac{3}{8}$ ” from the front edge of the cover.
  - The bar code may be placed anywhere along the front edge as long as it is located at least  $\frac{1}{2}$ ” from the top and bottom edges and there is at least  $\frac{1}{4}$ ” of quiet space between either side of the bar code and any other text or graphics.
  - All effort must be made to position the bar code clear of embossing or die cuts. Both embossing over bar codes and bar codes cut off by die cuts create issues in Returns.

### **Strippable Indicator**

- A strippable indicator is a triangle, with each side approximately 0.3” in length and an “S” placed in the center.
- All strippable product must have a strippable indicator immediately to the right of the price add-on bar code.
- The non-strippable indicator, a triangle **without** an “S” in the center, must be placed on any format that may be considered strippable but for whatever reason is not currently strippable.
  - Trade paperback, digest, and color & activity books that are not strippable should carry a strippable indicator without the “S.”
  - Hardcover, board books, and audio product need not carry a strippable indicator.

### **Human Readable Information**

- The human readable EAN must appear below the bar code.
- The human readable price add-on must appear above the price add-on bar code.
- The human readable ISBN must appear directly above the EAN bar code.
- The cover price must appear directly above the human readable ISBN in one of the following formats as rights apply:
  - US \$20.00/\$27.00 CAN
  - \$20.00 (U.S.)/\$27.00 (CAN.)

### **Quiet Zone**

- A “Quiet Zone” (clear area with no printed text or color) to the left and right of the Bookland EAN symbol is necessary to protect the integrity of the bar code. It is recommended that this space be at least 0.25 inches wide on either side. There should be no printed border around the bar code. If a border is printed, it must be outside the Quiet Zone.

### **Color**

- Print the bar code lines black on a white background.

### **BISAC Categories**

**PRH Binders Kit  
Westminster, MD**

- If you want to print the BISAC Subject Category, make sure to place it outside the Quiet Zone.

**Cover 4 Bar Coding Examples**

**Hardcover – Jacketed & Unjacketed**

US \$22.00 /\$28.00 CAN

- Retail cover price in US & CAN (depending on rights) – human readable.
- ISBN – human readable.
- EAN bar code and 5-digit price add-on representing US or CAN cover price.
- Human readable EAN below bar code, human readable 5-digit add-on above add-on bar code.
- Human readable retail cover price in US & CAN (depending on rights) must also appear on inside of front flap for a jacketed hardcover.

**Trade Paper, All Paper Non-Strippable Product**

US \$11.00/ \$14.00 CAN

- Retail cover price in US & CAN (depending on rights) – human readable.
- ISBN – human readable.
- EAN bar code and 5-digit price add-on representing US or CAN cover price.
- Human readable EAN below bar code, human readable 5-digit add-on above add-on bar code.
- Non-strippable Indicator (Δ) to the right of the bar code.

**Mass Market, Strippable Paper, Covers 2 and 4**

## PRH Binders Kit Westminster, MD

US \$6.99 / \$8.99 CAN

ISBN 978-0-553-59029-6

- Retail cover price in US & CAN (depending on rights) – human readable.
- ISBN – human readable.
- EAN bar code and 5-digit price add-on representing US or CAN cover price.
- Human readable EAN below bar code, human readable 5-digit add-on above add-on bar code.
- Strippable indicator (Δ with an “S” in the center) to the right of the bar code.

### Bar Code Orientation & Placement Examples

#### Cover 4

#### “Picket Fence” Configuration

#### Cover 2

#### “Ladder” Configuration

**PRH Binders Kit  
Westminster, MD**

**Appendix A**

**Penguin Random House Requirements**

48" x 40" (121.9 cm x 101.6 cm) Grocery Industry 4-way

GMA standard pallet

Deck boards: 5/8" minimum thickness, end boards 5 1/2"

width minimum. Boards must be spaced with a 3" maximum gap.

Stringers: 1 1/8" x 3 1/2" (plus 1/4", minus 0") x 48" hardwood

Side cutouts must meet GMA specifications

Protruding nail heads or points are not permitted

No broken deck boards or stringers will be allowed

Side Stencil - Side stringers should be stenciled with

Random House or PRH, date of manufacture and the manufacturer's name or other identification

# **PRH Binders Kit Westminster, MD**

Pallets heat treated for export shipment: Both ends of the center stringer must be painted red and the side stringers must be marked with the IPPC Heat Treat stamp. Each heat treated must only contain one stamp. If reconditioned pallets are specified, they must meet the

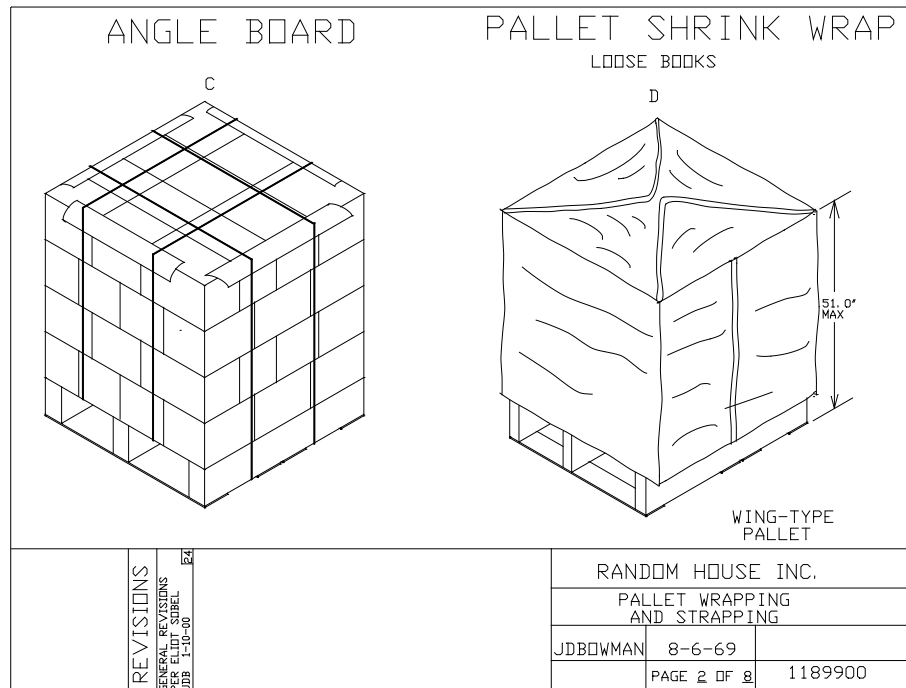

above requirements and repairs must be limited to replacement of lumber or repair with metal plates consistent with industry standard Grade #1 or A Grade.

If grade #2 or B grade is specified, pallets must meet the above requirements and have 2 or less repaired stingers.

**Where components and dimensions are not specified, the 48"x 40" Grocery Industry 4-way GMA standard pallet minimum specifications will apply.**

Containers may be shipped at the quay after the expiry of the free period, at the carrier's option, and at the risk and expense of the cargo.							

Before loading the Carrier is to give three days container detention which includes the day of collection or quay as well as allowing a free period in accordance with the tariff of the manifest destination and as advised by the local Agent from the day of discharge at vessel. Container "fair and other equipment" damage is void thereafter. All containers to be the joint and several responsibility of the Shipper and Consignee and must be re-delivered clean and undamaged to a place nominated by the Carrier, failing which the Shipper and Consignee are liable for the cost of cleaning and repairs.

Specification of freight and charges

777N  
Wendy

RECEIVED FOR SHIPMENT in apparent external good order and condition the container, other packages or units bearing marks and/or numbers indicated in the "Carrier's Receipt" above, said to contain the quantity of goods, weights and measurements indicated in the "Particulars" furnished by the "Shipper" above which particulars have not been checked or verified by the Carrier. Such particulars are for Shipper's and Consignee's use only and are not part of the bill of lading terms and are not binding on the carrier.

By ACCEPTING this bill of lading the Merchant agrees to be bound by all the terms, conditions, limitations and exceptions whether printed, stamped or written hereon and on page 1 and in particular agrees that the Carrier shall have the right to stuff cargo in containers and to carry on deck all kinds of containers including trailers, tanks, flats, canvas top, pallets or similar articles used to consolidate goods.

If this Bill of Lading is consigned to order, i.e., is a negotiable Bill of Lading, (see "CONSIGNEE" box above), then one of the originals of the Bills of Lading must be surrendered duly endorsed in exchange for the goods or a delivery order.
