# HOW PET SMART ARE YOU?

## ARE THESE COMMON BELIEFS REALLY TRUE?

**A** Cats always land on their feet.

**B** Rabbits can shriek.

**C** A wet nose means  
a dog is healthy.

**D** Many kinds of pet birds  
can learn to talk.

**E** Dogs are color-blind.

If you know  
**EVERYTHING**  
about **PETS**, then  
you know this:

**A** **NO**. While cats can twist and turn as they fall, sometimes they still go THUD.

**B** **YES**. You might think bunnies are cute and quiet, but these adorable animals **CAN** make a horrible noise when they are startled or agitated.

**C** **NO**. A dry nose is OK. Dogs lick their own noses and sweat through them. That's often why they are wet.

**D** **YES**. Parrots are the gabbiest, but other birds, such as the mynah, also mimic human speech.

**E** **NO**. Dogs don't see colors as well as people, but scientists are pretty sure they **DO** see colors.

(From the book *Everything Pets*)
