Untitled Miss Peregrine Sequel

The Second Novel of Miss Peregrine's Peculiar Children

By Ransom Riggs

Miss Peregrine's Home for Peculiar Children was the surprise best seller of 2011—an unprecedented mix of YA fantasy and vintage photography that enthralled readers and critics alike. *Publishers Weekly* called it “an enjoyable, eccentric read, distinguished by well-developed characters, a believable Welsh setting, and some very creepy monsters.”

This second novel begins in 1940, immediately after the first book ended. Having escaped Miss Peregrine's island by the skin of their teeth, Jacob and his new friends flee to London, the peculiar capital of the world. There, they encounter a dangerous madman named Caul, who also happens to be Miss Peregrine's brother. Complete with dozens of newly discovered (and thoroughly creepy) vintage photographs, this new adventure will delight fantasy readers of all ages.

Princesses Behaving Badly

Real Stories from History—without the Fairy-Tale Endings

COVER
NOT
FINAL

Once upon a time, there lived a beautiful princess who wasn't afraid to lie, cheat, seduce, or murder anyone who got in her way...

By Linda Rodriguez McRobbie

Illustrated by Douglas Smith

You think you know her story. You've read the Brothers Grimm, you've watched the Disney cartoons, you cheered as these virtuous women lived happily ever after. But the lives of *real* princesses couldn't be more different. Sure, many were graceful and benevolent leaders—but just as many were ruthless in their quest for power, and all of them had skeletons rattling in their royal closets. Princess Stephanie von Hohenlohe was a Nazi spy. Empress Elizabeth of the Austro-Hungarian empire slept wearing a mask of raw veal. Princess Olga of Kiev murdered thousands of men, and Princess Rani Lakshmibai waged war on the battlefield, charging into combat with her toddler son strapped to her back. *Princesses Behaving Badly* offers minibiographies of all these princesses and dozens more. It's a fascinating read for history buffs, feminists, and anyone seeking a different kind of bedtime story.

LINDA RODRIGUEZ MCROBBIE has written for the *Boston Herald*, *Christian Science Monitor*, CNN Money, *US News & World Report*, and *Mental Floss*. She lives in London with her husband, son, and cat.

DOUGLAS SMITH is an award-winning illustrator. He is perhaps best known for illustrating Gregory Maguire's *Wicked* novels.

Nick and Tesla's High-Voltage Danger Lab

Nick and Tesla's Robot Army Rampage

By “Science Bob” Pflugfelder and Steve Hockensmith

Nick and Tesla are bright 12-year-old siblings with a knack for science, electronics, and getting into trouble. When their parents mysteriously vanish, they're sent to live with their Uncle Newt, a brilliant inventor who engineers top-secret gadgets for a classified government agency. It's not long before Nick and Tesla are embarking on adventures of their own—engineering all kinds of outrageous MacGyverish contraptions to save their skin: 9-volt burglar alarms, electromagnets, mobile tracking devices, and more. Readers are invited to join in the fun as each story contains instructions and blueprints for five different projects.

In *Nick and Tesla's High-Voltage Danger Lab*, we meet the characters and learn how to make everything from rocket launchers to soda-powered vehicles. In *Nick and Tesla's Robot Army Rampage*, the brother-and-sister duo unleash a swarm of battery-powered gizmos (which readers can make at home). Learning about science has never been so dangerous—or so much fun!

“**SCIENCE BOB**” **PFLUGFELDER** is an elementary school teacher based in Newton, Massachusetts. He has made many television appearances on *Jimmy Kimmel Live*, *Live with Kelly and Michael*, *The Dr. Oz Show*, and other media outlets. These are his first books.

STEVE HOCKENSMITH is the author of a *New York Times* best seller (*Pride and Prejudice and Zombies: Dawn of the Dreadfuls*) and an Edgar Award nominee (*Holmes on the Range*). He lives in Alameda, California.

9.4% Pure Imagination

Welcome to **Planet Quirk**! We'd take you to our leader, but on any given day you'll find us debating whether that's James T. Kirk, Buffy Summers, Dread Cthulhu, or Colonial President Laura Roslin. So—if you like to geek out over any kind of sci-horror-fantasy-book-game-film-comics fandom at all, just pull up a captain's chair and stay as long as you like. (It's cool; we know this guy with a machine that can get you home again before you left in the first place...)

Homemade Quirk is a cozy little community for D.I.Y. adventurers, cooks + bakers, crafters, gardeners, animal + nature lovers, homemakers, rebels, daydreamers, photographers, artists, writers, editors, designers, and book lovers to share stories + ideas and meet new friends. Please join us in our obsession for collecting and sharing all things cute, quirky, and fun.

You've got children. We've got answers.

Raising Quirk knows that your kids didn't come with an owner's manual. We also know that you may still feel like a kid, too. You're not alone.

Our community is filled with advice, activities, entertainment, and, most important, parents just like you. It's a lifelong adventure and we're in it together. Consider us your online playgroup!
