by Ransom Riggs

Since its publication in June 2011, this offbeat blend of supernatural fantasy and vintage photography has dominated the YA best-seller lists. And with a Tim Burton adaptation arriving in 2016, *Miss Peregrine's Home for Peculiar Children* is poised to reach a whole new audience. When a horrific family tragedy sets sixteen-year-old Jacob journeying to a remote island off the coast of Wales, he discovers the crumbling Miss Peregrine's Home for Peculiar Children. As Jacob explores the abandoned mansion, he wonders if the children who once lived here—including his own grandfather—were more than just peculiar. They may have been dangerous. They may have been quarantined on a desolate island for good reason. And somehow—impossible though it seems—they may still be alive.

RANSOM RIGGS is the author of *Miss Peregrine's Home for Peculiar Children* (Quirk, 2011), a *New York Times* best seller with more than 2 million copies sold, as well as its best-selling sequels *Hollow City* (Quirk, 2013) and *Library of Souls* (Quirk, 2015). Translation rights have been sold to more than 40 territories around the world. He lives in Santa Monica, CA, with his wife.

The Legion of Regrettable Supervillains

Oddball Criminals from Comic Book History

by Jon Morris

Every hero needs a villain. But not all villains are dangerous—some are incompetent, comical, or just . . . weird. In his follow-up to *The League of Regrettable Superheroes*, author Jon Morris presents over a hundred of the strangest, most stupefying supervillains to ever see print in comics. Meet D-list rogues like Brickbat (choice of weapon: poisonous bricks), Robbing Hood (steals from the poor to give to the rich), Swarm (a crook made of bees; *Nazi* bees), and many more. Drawing on the entire history of the medium, *The Legion of Regrettable Supervillains* affectionately and hilariously profiles oddball criminals from the history of comics.

JONATHAN MORRIS is a cartoonist, graphic designer, and author of *The League of Regrettable Superheroes* (Quirk, 2015). Since the late 1990s, he's operated the blog *Gone & Forgotten*, an irreverent look at the lowliest and most unfortunate stories and characters comic books have offered. In 2001 he was invited to participate on a superheroes-themed episode of the public radio program *This American Life*, which remains a popular and frequently rebroadcast episode.

Wonder Women

25 Innovators, Inventors, and Trailblazers Who Changed History

Spend some quality time with the smartest women in history, from the best-selling author of *The Fangirl's Guide to the Galaxy*.

"Meet Sam Maggs, the new superhero of the fangirl universe."
—Hello Giggles

by Sam Maggs

Ever heard of Allied spy Noor Inayat Khan, a Muslim woman whom the Nazis considered "highly dangerous"? Or German painter and entomologist Maria Sibylla Merian, who planned and embarked on the world's first scientific expedition? How about Huang Daopo, the inventor who fled an abusive child marriage only to revolutionize textile production in China?

Women have always been able to change the world, even when they didn't get the credit. In *Wonder Women*, author Sam Maggs introduces you to pioneering female scientists, engineers, mathematicians, adventurers, and inventors—each profile a study in passion, smarts, and stick-to-itiveness, complete with portraits by Google doodler Sophia Foster-Dimino, an extensive bibliography, and a guide to present-day women-centric STEM organizations.

SAM MAGGS is a writer, geek girl, television professional, and author of *The Fangirl's Guide to the Galaxy* (Quirk, 2015). She's also a former associate editor for the *Mary Sue* and was voted 2013's "Awesome Geek Feminist of the Year" by Women Write Comics. She hosts the Cineplex Pre-Show—where six million people a month see her before every movie in Canada—and is a weekly pop culture commentator on 102.1 The Edge, one of Toronto's most popular morning radio shows. **SOPHIA FOSTER-DIMINO** is an illustrator and cartoonist whose work has appeared in the *New Yorker*, the *New York Times*, and the Google homepage.
