IF I WERE A WHALE

Shelley Gill; Illustrated by Erik Brooks

From best-selling children's author Shelley Gill comes this colorful, rhyming board book playfully featuring whales found in the Pacific, Atlantic, and Arctic Oceans.

Toddlers will love to learn about whales swimming in the deep blue sea in this beautifully illustrated board book that shares simple whale facts in an imaginative way.

If I could be anything, do you know what I'd be?
 I'd be a whale in the deep blue sea.

Scooping up fishes and flipping my tail, I'd be a
 minke or beluga whale.

Based in Juneau, AK, **SHELLEY GILL** was the fifth woman to complete the Iditarod race. When she's not writing, Shelley travels to schools around the country where she covers a variety of topics—from whale watching to how she thinks up her writing ideas.

ERIK BROOKS spent much of his childhood in Anchorage, AK, where he explored the outdoors and had Alaskan experiences such as seeing the occasional moose wandering through the yard and getting run over by a dog sled. He still loves getting out into nature with his family and his handsome mutt of a dog, Max.

THE CHILDREN'S GARDEN

Growing Food in the City

Carole Lexa Schaefer; Illustrated by Pierr Morgan

Welcome to the Children's Garden—a beautiful place to connect with nature and the food cycle! Illustrated with colorful paintings, this charming picture book features a diverse group of children connecting to food through hands-on outdoor activity.

Down the road from Woodlawn Avenue, on a street called Sunnyside, there's a garden patch grown by children who live in the neighborhood. A sign on the garden's gate says: Children's Garden, WELCOME! That means: Come in, please. Listen, see, smell, touch—even taste!

In rich prose and lush illustrations, this charming picture book shows children as urban farmers, exploring the sights, smells, sensations, and tastes of growing their own food in a community garden. The story invites young readers to enjoy summer's bounty and the hands-on experience of tending and harvesting it, while the colorful illustrations depict a multi-cultural community of children learning about and enjoying a sustainable, local food system.
